Based on the co-operation between Charles University and University of Milan, e.g. 4EU+ alliance, I would like to propose Dr Elena Vianello, Assistant Professor of Clinical Pathology at University of Milan "LA STATALE", as possible your "Visiting Professor in Laboratory Medicine" at the Institute of Medical Chemistry and Laboratory Diagnostics, First Faculty of Medicine, Charles University, Prague, for the 2021-2022 academic year.

Dr Elena Vianello at our Department works in the research field of Translational Medicine in the laboratory of Clinical Pathology. Her research topics are focused on the molecular mechanisms of maladaptive tissue remodelling, especially those involved in cardiac fibrosis. From different years, she studies ST2/IL-33 molecular interactions in human and ex vivo models of obesity. As Assistant Professor, she teaches clinical pathology at master's and bachelor's degree courses as well as at post graduate courses of Experimental Medicine doctorate and training course of molecular pathology.

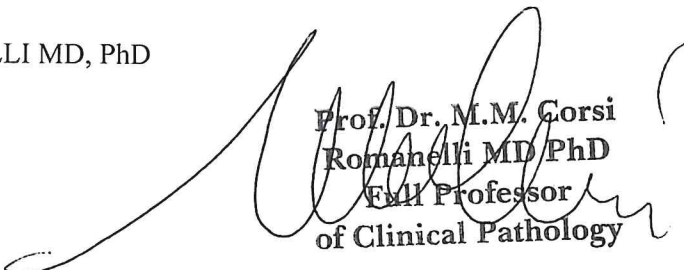

Our Department approved the possibility to cover all the cost of Dr Elena Vianello on the grant from the Chair of Clinical Pathology: travel, housing, including health insurance.

Sincerely yours

My best

Milan, March 22<sup>nd</sup> 2021

Prof. Massimiliano M. CORSI ROMANELLI MD, PhD

  
**Prof. Dr. M.M. Corsi  
Romanelli MD/PhD  
Full Professor  
of Clinical Pathology**
